Vivek Verma

Frontend Developer(React)

PROFESSIONAL SUMMARY

Highly skilled and motivated Full Stack Web Developer proficient in MERN stack. Demonstrated ability in successfully building both solo and collaborative projects. Possesses strong technical expertise in front-end and back-end development, coupled with excellent problem-solving and communication skills. Ready to contribute to innovative and impactful web development initiatives.

PROJECTS

1. Boat | 🌐 **|** 🐙

HTML | CSS | JavaScript | netify | github

- Developed an online e-commerce website named Boat, catering to boat-related products.
- Implemented user and admin registration/authentication, along with cart and order management.
- Designed and constructed the frontend user interface.
- Executed dynamic time and date updates based on user selections.
- Created modules for Customers and Categories, managing exceptions and validations.
- Integrated Spring Security into the application.
- Collaborated in a team of four to complete the project in five days.

2. Glossier | 🌐 **|** 🐙

HTML | CSS | JavaScript | Github | Netify | Razor Pay Api

- Developed a women's makeup and skincare online shopping application called Glossier.
- Provided user registration/authentication, product browsing, and cart functionality.
- Enabled order placement and performed CRUD operations.
- Executed the project individually, completing it within five days.
